OR

Say “Select Item (number)” (item number of the programm)

How to install the Realwear Companion app

The purpose of the companion app is to easily configure your Realwear HMT-1 by generating QR Codes on your smartphone. You can download the app on your Smartphone from the app- or play store by searching: “Realwear Companion”

It doesn't react to my voice. What do I do?

1. Restart the headset
2. Do not touch any buttons.
3. If that doesn't work, contact support.

How to set volume?

1. From the home menu (“Navigate Home”)
2. Say “My Controls”
3. Say “Volume”
4. Set level “Number”

How to select numbered options

1. Say “Show Help” to see numbers given to selectable options if not shown already.
2. Say ‘Hide Help’ to close the help menu
3. Select the option by saying: ‘Select item number’

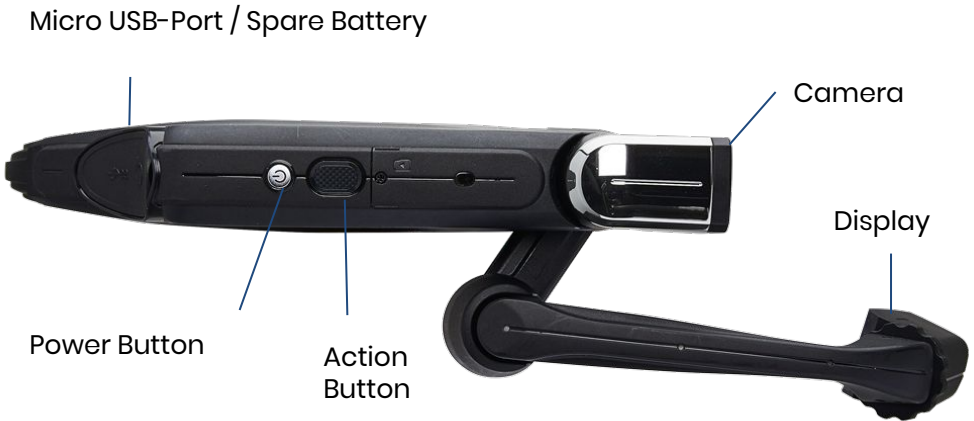

How do I turn on the flashlight?

1. Say “My Controls”
- 2.. Say “Flashlight On”

Warning. The action button, located next to the power button, mutes the microphone of the Realwear.
